

Shabdagandha” wallpaper (Bhitti-patrika)

“Shabdagandha” which means fragrance of words apparently but suggestive of power of words; is a wallpaper activity (Bhitti-patrika) that provides a platform to the students having expression power, creative spark. Such students are motivated and inspired to write on different themes and topics including current affairs, social- political- ecological issues, anniversaries of great national heroes, cultural, science-technology so on and so forth. Students also write poems, stories and even draw sketches. These write-ups, sketches and articles are published monthly on a wall in college campus specially reserved to serve the purpose. The faculty-members form the committee of some representative students. The committee executes the activity throughout the academic year.

Shabdagandha motivates the students for brainstorming. It makes them aware of current affairs. It enhances their writing skill. It stimulates them for self-expression. Shabdagandh, in the nutshell is a platform for self-expression.
